5. Mr. Connor indicated that there is no movement on ATV ordinances at the State level but he would personally place this concern back on his "hot" list and off of his "backburner".

#### Bill Irwin-Renewal of Village Center Designation Grant

Mr. Irwin of the Planning Commission has requested authorization from the town, to approve moving forward with submission of the Grant for Renewal of Village Center Designation for Bakersfield Village. ### c. Future Agenda

### d. Other

ATV concerns from March 12<sup>th</sup> & 13<sup>th</sup> weekend activities. The Historical Society parking lot and the top of the hill behind the building are a mess. There were approximately 36 vehicles that came to town to participate in an ATV ride. The majority of these vehicles parked over behind the Historical Society building. As a result of this activity and the warm weather, there are deep ruts and tire tracks all over the area. It is one big muddy mess. There were beer cans and bottles also found around the area, as well as mud slung up against the outside walls. The Board drafted a

letter to be sent to VASA representatives, Mr. Rocque and Mr. Curtis. We are requesting their help in finding a solution to this problem including repairs to the parking area as well as monitoring future use. Pictures were taken and sent along with the letter. A copy of the letter as well as photos is on file at the Town Clerk's office.

Meeting adjourned at 9:25pm
